CONFIDENTIAL

Q 14

831

AMEMBASSY,

LONDON.

A-122, Feb. 8, 1950

Without raising question with British can you advise whether Visiting Forces Act can be applied to civilian personnel of military or defense organizations?

If not, do British have any other arrangement for civilian personnel of international agencies comparable to USPL 291 which extends to personnel of recognized international organizations the privilege of free entry at time of arrival and immunity from process while engaged on duty?
